ENGINEERING MEMO #141

TO: Memo Distribution
FROM: S. Wilson
SUBJECT: FRONT SEAT CUSHION SPRING REVISION

At the request of Management all front seat cushions will be increased in height by 1". In addition, the Taxicab front seat cushion spring will be stiffened. This revision to be effective as soon as new parts are available and stock of completed spring and cushion assemblies has been depleted. Complete old style Spring Assemblies and Cushion Assemblies should be serviced with new.
