Revised 10-20-66

ENGINEERING MEMO #158

Chassis No. Added 1-26-67

TO: Memo Distribution
FROM: R. G. Fuller
SUBJECT: FAN AND WATER PUMP PULLEY-283 & 327 V-8 HI-PERE. ENGINES

Engine Accessory Kits 701775 (3911086) and 701757 (3905957) have been changed to include a Fan and Water Pump Pulley our number 702960 (3905995).

Both of these parts units have included a Reinforcement 702109 (3720616) which is used adjacent to the subject pulley. Recent correspondence from the vendor emphasizes that correct assembly of the reinforcement is inside of the pulley.

This Revision incorporated on Chassis No. 45748
