ENGINEERING MEMO # 176

TO: Memo Distribution

FROM: B. Lewis

SUBJECT: MODEL B-11 AIR CONDITIONER EVAPORATOR REVISION

The present Eaton Air Conditioner has been discontinued by the vendor and replaced by a new model with relocated refrigerent fittings.

This revision also affects refrigerent hoses and the Evaporator Drain Hose.

Effective point of the change is immediate and is being done without obsolescence of the cancelled Evaporator Assembly 97611.

Interchangeability is affected in that if the new Evaporator Assembly is used to service an old unit, a longer evaporator to compressor hose will be required.

LIST OF PARTS TO BE AFFECTED

NAME	BUY OR MAKE	OLD PART NO.	NEW PART NO.	I	A	REMARKS
Evap.A.Air Cond.Complete	M	701271	701919	See Above	NO	USE
Evap.A.Air Cond.	B	97611	701918	See Above	NO	USE
