**DISCLAIMERS:** Specifications, pricing, descriptions, illustrative materials and all competitive comparisons/claims contained in this document are as accurate as known at the time of production approval (January 2018). 1. Capability based on approach angle, departure angle, breakover angle, ground clearance and water fording. 2. Do not attempt water fording unless depth is known to be less than 76 cm (30 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 3. Based on comparison of EnerGuide ratings over previous model. 4. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take control of the vehicle at any time. 5. Electronic Stability Control (ESC) is a safety system that helps reduce the risk of losing control of the vehicle. It is not a substitute for safe driving practices. 6. Always wear your seat belt. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 7. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates may apply. 8. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 9. Not compatible with all garage door openers. 10. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas of selected current road regulations.
