Maseratis, Ferraris and Alfa Romeos

[Steve Kroft] These are great looking cars. Is there anything here for less than half a million dollars?

[Sergio Marchionne] All of them.

All of them?

Yep.

Quarter of a million?

Most of them.

Most of them? Do you have one?

Yes.

You got it at a discount I take it.

I buy them at reasonable prices compared to retail but I don't get treated any differently than a dealer would, but this is the racing version of the 430 and that's the Spider, that's the new 458, which replaced this car that came out last year. That's a 458. Not a bad collection of cars.

Not a bad collection. And when are they coming back to the States? Not this particular model, but--

They'll be in the U.S.—we'll have Alpha in full distribution in '14. It's not that long from now. You know, time flies when you are having a good time. Incredible; and this is the coupe.
