

“Portraits” | Jeep Brand

VO:

I've seen things no man should bear
and those that every man should dare.
From the beaches of Normandy
to the far reaches of the Earth,
in my life I have lived millions of lives.
I've outran robots and danced with dinosaurs.
I've faced the faces of fear and fortitude
and witnessed great beauty in the making.
I've kept the company of kings and queens,
but I'm no royalty or saint.
I've travelled, trekked, wandered and roamed
only to find myself right where I belong.

SUPER:

**WE DON'T MAKE JEEP.
YOU DO.**

“4x4ever” (:60 LYRICS) | Vocals by Morgan Dorr (Sony Music) | Jeep Brand

4 by 4 by Land, 4 by 4 by Sea
4 by 4 by Air – 'cause I like to fly free
4 by 4am that's when I rise
Sneak up on the landscape catch it by surprise

4 my country and how it all started out
4 the brave and every boy scout
4 the fun of it, 'cause you know you can
4 by 4 more air, more sea, more land.

4 by 4 doin' it yourself cuz you want it done right
4 by 4 the top down – stars keep ya up at night
4 stones that were meant to be turned
4 the dares and the thrills you've earned

4 by 4 conquest, 4 by 4 dreams
4 by 4 waking up and crossing those streams
4 by 4 every one of those seventy-five years
4 by 4 the wave – that's how we say 'cheers'

That's how we live 4 by 4ever
