  - Cargo Van: P

---

(a) Always use seat belts. Remember, the back seat is the safest place for children 12 and under.

(b) Certified to the federal regulation for automotive passenger occupant classification. Children 12 and under should always be in the backseat correctly using an infant or child restraint system, or seated position correctly for the child’s size and age.

(c) Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the OCS classification is appropriate. Children 12 and under should always be in a back seat correctly using an infant or child restraint system or the seat belt position correctly for the child’s age and weight.
