FREEDOM SPEAKS TO US ALL

.....

2017 JEEP. COMPASS

ONE OF THE MOST AFFORDABLE SUV'S IN CANADA¹

- Most rear-seat leg room in its class²
- Backed by a long, proven lineage of Jeep capability and comfort with stylistic elements borrowed from the Jeep Grand Cherokee
- Exceptional value with available leather-faced seating with heated front seats, premium sound system and more

LEGENDARY JEEP CAPABILITY

- Standard on all 4x4 systems, Freedom Drive I[®] anticipates the need for added traction and responds to wheel slippage by transferring power to the rear wheels
- Trail Rated[®] 4x4 capability with the available Freedom Drive II[®] Off-Road Package:
 - Helps you maintain traction and control on the toughest terrain, including deep snow, mud and sand
 - Paired with a CVT2 transmission with Off-road mode and a 19:1 crawl ratio which provides the torque multiplication needed for water fording³, steep grades, and steep crawls in off-road events

OFFERS OVER 30 SAFETY AND SECURITY FEATURES

- Six standard air bags⁴
- Electronic Stability Control⁵ with Electronic Roll Mitigation, Brake Assist and Hill Start Assist
- Tire pressure monitor warning lamp
- Available hands-free communication⁶ with Bluetooth[®] streaming audio
- Available Parkview[®] Rear Backup Camera⁷

Specifications, pricing, descriptions, illustrative materials and all competitive comparisons/claims contained in this document are as accurate as known at the time of production approval (June 2016). Some of the equipment shown or described throughout this document is available at extra cost. 1. Based on WardsAuto Sport and Cross Utility segmentations and MSRP of base models. 2. Based on WardsAuto Small Cross Utility segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. 3. Do not attempt water fording unless depth is known to be less than 48 cm (19 inches). 4. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 5. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 6. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth compatible phone. 7. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 8. The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 9. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 10. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 11. Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 12. Never program while driving. GPS mapping and available 3D navigation may not be deleted or available in all areas or reflect current road regulations.
