**Admission Information**

## About Us

*In 1995, it began as Generation Interns with the mission to train leaders that would affect all areas of culture with the love of Jesus. Through clear Bible, doctrine, and leadership teaching from leaders within the church, along with practical ministry training in all areas, nearly 2,000 students have been trained over 22 years.*

*We are now Churchome College. Students have joined us from all over the world but the mission remains the same: to equip people who will influence and lead in every sphere of society. Our church has always had the desire and grace to release leaders into our city, our nation, and to the most influential cities of the world. As our church expands into the future, we will continue to build leaders in every city we venture into. Moving forward into the next 25 years of Churchome, we at Churchome College are even more committed to building secure, Jesus led leaders who love people and influence their world.*

*Churchome College in our Los Angeles campus is a once a week experience. We started it in 2017 to provide training for our LA family to experience a taste of what our college provides. Students there do not receive credit for the classes they take, but they do get a good selection of doctrine, Bible, and our culture. This was created for the LA community and those who feel like LA and Churchome is their home.*

---
