

Four Essential Elements of Evangelism Unto Salvation (H4)

The FIRE TRIANGLE Analogy to Evangelism.

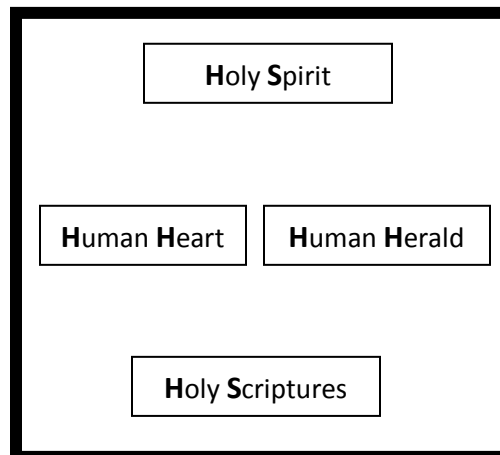

There are three essential elements of Fire—

- Fuel
- Ignition
- Oxygen

Fire is not possible without the presence of all three. Remove the fuel or the ignition source or the oxygen and there will be no fire.

In a similar way, there are FOUR ESSENTIAL ELEMENTS OF EVANGELISM UNTO SALVATION—

- Human Heart
- Human Herald
- Holy Scriptures
- Holy Spirit

Evangelism unto salvation is not possible without the presence of all four. Animals and angels cannot be saved. The Bible must be preached and the Holy Spirit must move upon the hearts of men. Only *Human Hearts* are moved to repentance upon conviction of the *Holy Spirit* and converted by believing the Gospel Message of the *Holy Scriptures* which is conveyed by *Human Heralds*.
