Love changes everything. When we truly learn to love like God shows us, we love our community, our church, and our families like never before.

This month we are finishing up our series called *I Love My Family*. We've been looking at how our identity in Christ, and the freedom we have to live lives of love, helps us follow God's plan to love our mothers, husbands, wives, parents, and fathers like He intended. His plan is an awesome plan for our families. This series will end on Father's Day, June 17th. Community, Church, and Family...ok. But does this radical, amazing love have the power to change how I deal with people at my job? Absolutely! Ephesians 6:1-4 applies the gospel and love to our work relationships in a way that can totally redeem the "daily grind." This is a short, two-week series that will be on June 24th and July 1st.

May this month be filled with love for God and others!

Dan Cook, Lead Pastor
