A message from Dan...

Greetings in the name of Jesus! Halfway through this month we will be starting a series called *I Love My Family*. Primarily using Ephesians five and six, we will take a good look at how the gospel not only changes our own identity and purpose but can revitalize and redeem our closest relationships-- marriages and parent/child relationships specifically. If we follow God's plan for our families, our families will be remarkably changed for the better. If you aren't married,

do not have children, or are not connected to any parent relationships, this series will still address how the gospel affects all relationships generally, and you will still be blessed by it. God's plans are good! Let's follow Him together. *God loves you, and so do I.*
