## January 2019

JANUARY-APRIL 2019

### New Year

This newsletter is for parents/guardians of children in Junior Kindergarten – Grade 5. This is the age range of Calvary Kids. Calvary Kids is the children’s program that runs downstairs every Sunday at Calvary Gospel Church. Children participate in singing, a lesson, and small group discussion and activities based on age. Calvary Kids runs every Sunday during the service. See the ‘Sunday Morning Format’ column for more information. Calvary Kids also does not run during the months of July and August. We encourage school age kids to attend the full service with their parents on these Sundays.

### Important Parent Reminders

If you are new please grab a registration form from the Calvary kids welcome desk. On the reverse side of this page you will find our Memory verses for January-April. Please help your children memorize the verse each week. There is roughly one memory verse per unit so students have 3-6 weeks to learn and memorize it. You will also find our lesson titles and the scripture passage we will be teaching from each week. Hopefully, this helps you follow along and encourages conversations with your children.

I hope that you will be in prayer for this program, the teachers and the children this quarter. I am so thankful to get to teach your kids from God’s Word.
