Lesson 2, June 20

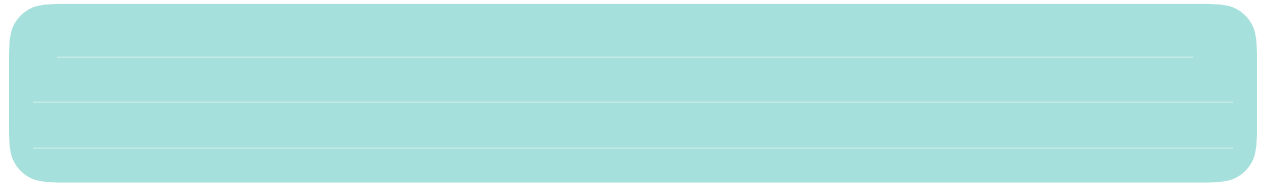

Proverbs 7

## Wisdom Warm-Up

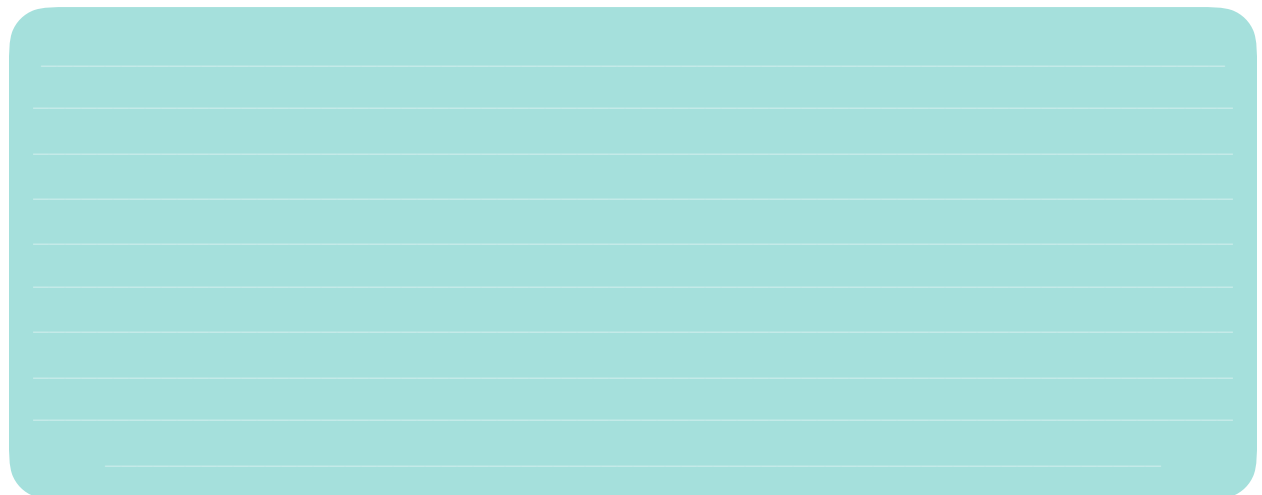

Questions:

1. In the last 24 hours, what is one temptation you have faced?
2. What do you think is at the root of the sexual sin of our day, in our culture? Be sure your answer keeps in mind the Biblical truth we discussed last week, "mercy triumphs over judgment."
3. What do you know about how Jesus dealt with sexual sin?
4. Solomon's parents got together in a sexually compromising situation. David *looked, lingered, lusted, and was lost*. What do you think is the most dangerous part of that *sequence*? See 2 Samuel 11,12.

# Workable Wisdom

## Questions for discussion:

1. What do you learn from chapter 7 about guarding your own heart, attachments, and body?

## Scripture for discussion:

1. Look up Jeremiah 3:6-14 or Malachi 2:10-16. God says when we follow after idols, we commit adultery. What does He mean? How is that illustrated in His relationship to Israel and Judah?

---

---

---

Do you know anyone who has **not** committed spiritual adultery?

Contrast 7:1,2 with 7:26,27. Write them below.

This is a matter of life or death. Pay attention; guard your heart. Control your affections.

3. We will all face temptation in the forms of images, words, desires, and people stuff. It's part of being human and is not sin; Jesus was tempted (Matthew 4:1). How we handle temptation matters! Read these verses and summarize what you learn below: 1 Corinthians 10:13; Hebrews 2:18; James 1:2,3,12.

---

4. Resisting temptation is a life skill. As much as we need to know how to sew on a button, pump our gas, and make a meal, we need to know how to face temptation. Look up the following verses and summarize what you learn: Ephesians 6:13, Romans 6:13, James 4:7, 1 Peter 5:8,9.
