We are so excited about how our Grade 5/6 program has been growing and building momentum in recent years! We know that these years are so significant in students' lives and faith journeys! For our activities this year we have a good mix of things. We've got super fun events where we'll have an awesome time and build relationships. We've got some family events where you'll get to hang out with your kid and dig deeper into faith stuff and just have fun. And we're doing year 3 of our grade 5-6 weekend, which is an incredible opportunity for students to engage in worship, community, teaching, and prayer - while playing some wild games and eating way too much food. Make sure you save the dates!!

This year our grade 5-6 class will have it's own small group on Sunday mornings that meets when kids are dismissed. We really want to challenge them in what it looks like to be a follower of Jesus and produce fruit. One of the dreams is that they will be learning to become more comfortable and confident with personal Bible study and quiet times. We'll practice listening to the Holy Spirit through Scripture, personal reflection, and praying for one another.

Through all of this, we want grade 5-6 to be an opportunity for them to be building authentic community with leaders and friends. If you've got questions on any of this, feel free to connect with any of us at any time!
