

Cornerstone Bible Church  
Orphan Care Ministry

# First Night Packs Project

Can you imagine being taken from your home, from everything that is familiar, and having to live with strangers? Everything is different, strange, and most likely, scary.

For children in foster care, this is a reality after already enduring the trauma that caused them to be taken from their home. Many children come into their new foster home with very little, sometimes nothing to call their own.

The goal of the First Night Packs Project is to provide local foster children with the hope of Christ, their own bag, a blanket, a comfort item, and some other necessities.

Since 2011, Cornerstone Bible Church has been donating First Night Packs to our local foster care agency on a quarterly basis. The Lord provides through your generous donations!

## Next Donation Deadline: April 19
