ROMANS 9-11

A REVIEW

Chapter 9	Chapter 10	Chapter 11
Divine Sovereignty	Human Responsibility	Restoration
Election	Rejection - Present	Future
Starts Out as a Lament-----		Ends in a Doxology

I. God's Plan for Israel Has Always Been Based on Election (Chapter 9)

Paul answers the question, "If God is faithful to His promises to His chosen people, then why are most Jews rejecting Christ?"

Answer: It was never His sovereign plan to save all the Jews. Rather, God is faithful to His promises by saving a remnant which He has chosen according to grace.

II. Israel Is Responsible for Her Unbelief (Chapter 10)

Israel's rejection of Christ is not because God did not elect them, but rather their own unbelief. The doctrine of election only explains why a remnant of Jewish people *do* believe in Christ.

III. Israel's Rejection of God Is Temporary; God Will One Day Restore Israel (Chapter 11)

1) ISRAEL'S REJECTION IS NOT TOTAL BUT PARTIAL

2) ISRAEL'S REJECTION IS NOT PERMANENT BUT TEMPORARY
