When Death Brings Life

John 19:17-30

1. When people say your name, what do they think of? What would you like them to think of?
2. What does how we spend our money say about us? Is it OK to have lots of money?
3. What does our family think about us? Do we work to take care of each other in our family? Do we work to take care of our family even when we ourselves have great needs?
4. What is your purpose in life? How does your name, money and family point to your purpose? Would someone be able to look at your life and say Jesus is most important? If not, consider something you can change today, in order to make Jesus most important.
5. What should people think of when they say "Grace Bible Church?" Is that what you think of?
6. How's does Jesus' example in John 19:17-30 display godly living?
