Sept 18

A Great Celebration – Nehemiah 11-12

1. What is biblical worship?
2. What are some stereotypes of unbiblical worship that we might be tempted to agree with? How do we guard against defining worship in ways that scripture does not?
3. What are some of the ways we can prepare for Sunday worship throughout the week? Second, how can we worship all week?
4. Why is it important for us to be present at the Sunday services? How should we minister to those who aren't present on a Sunday?
5. How should Neh 12:43 impact our attitude going in to the service each week?
6. Why do you think the people were so excited that they made two choirs and marched around the city singing? Is there ever a time that exciting for a Church today?
