

Dear Senator _____,

By now, you may have watched the videos released by the Center for Medical Progress exposing Planned Parenthood's profiting off of the sale of aborted fetal tissue. The content of the videos is disturbing and highlights the destructive nature of the abortion industry. I would urge you to please support S.1881: Bill to Defund Planned Parenthood. I realize the "right" to abortion is a plank of the Democratic Party. But you don't even have to be pro-life to be opposed to the federal support of Planned Parenthood. I am grieved that our federal tax dollars are being funneled to support an organization that, according to its 2013-2014 annual report, performed 327,653 abortions in one year.

I realize that Planned Parenthood does not only perform abortions. They offer STD testing and contraception resources, for example. However, other organizations offer these kinds of resources, too, without involving themselves in the destruction of life in the womb. As the Bill S. 1881 calls for, let's direct federal funds to these organizations, not to Planned Parenthood.

Thank you for your service to our state and country and for taking the time to consider this very important issue.

Sincerely,
