Responding to Hurricane Michael

The storm inflicted tremendous damage to communities served by the PCA. All three of our Panama City congregations suffered major damage. Two of the three physical plants suffered catastrophic damage with entire roof systems removed not only from their sanctuaries, but also from separate Christian Education, community outreach, and office buildings. Insurance proceeds are not even close to being adequate to rebuild these buildings and the congregations have asked MNA Disaster Response to assist them in their response to this catastrophic disaster. Dozens of PCA family's homes, including pastor's homes, have suffered major damage with some suffering total loss. Please continue to pray.

At this point the paramount way to help the pastors on the ground and the congregations they serve is to supply them with funds to meet insurance deductibles, rebuild, and to reach out in their communities with Christ's Love.
