

Digging Deeper into the Message

Read Psalm 52 and answer the questions.

How does this Psalm relate to the sermon from Sunday?
(hint: see the heading of the Psalm in your bible.)

How is God's love described in the beginning of the passage?

Record all of the words that describe the wicked man
(Doeg the Edomite) from verses 1-4.

What will God do to the wicked man, according to verses 5-7?

How does the speaker (David) describe himself in verses 8-9?

How is God's love described in the end of the chapter?

How can you apply this to your life?

This week's sermon **THE SLIPPERY SLOPE** **1 Samuel 22**

This chapter provides more proof that sin and evil are in the world. Saul is a warning to us all, because he was an ordinary man who, upon turning his back on God, became a monster.

Sin, when unleashed and unchecked, leads to more and greater sin and more and greater corruption of the conscience.

When Innocent People Suffer...

1. Everyone who lives long enough will be wronged, and the victim is never to blame.
2. Everyone who lives long enough will wrong others.
3. There is a day when justice will come, and no sin will go unpunished.
4. Those who seek to please God instead of themselves will never know ultimate loss.
