

Welcome to Third Grade!

Language Arts

Please read at least 3 books this summer. One of the books must be *Tornado* by Betsy Byars. This book will be available at the HCA office or you can check out your local library. The office will be open most Tuesdays throughout the summer. Of the three books read, including *Tornado*, please write on an index card a short, neat, description using a minimum of four complete sentences.

Math

Mrs. Jorritsma is asking students coming into grade three to work toward mastery of their addition and subtraction facts 0-18. Some great ways to practice facts include using flash cards, xtramath.com, and various apps and worksheets available for free online- be creative!
