

Community Groups at Ikon Church

You have lots of different opportunities of how to invest your family's time. Why should you consider being a part of an ikon community group?

The main purpose of our community groups is **spiritual fellowship**. This includes learning together from the Bible and other studies that help us apply God's Word to our lives. It involves the opportunity to have important conversations that allow us to encourage, challenge, and assist each other in our growth. And it includes the privilege of spending time praying for each other.

While the main purpose of our groups is spiritual fellowship, there are other reasons to be involved, as well. Community groups provide an opportunity for **family worship** to be modeled, as the whole family is involved in learning and worship for a small part of the evening. Groups can also provide a venue which **friends and co-workers** outside the church might find a more comfortable way to explore what the church is all about. Guests can be invited to the group, and groups can even tailor their time toward reaching out to guests with an evangelistic study for a time. Community groups can also find ways to **serve** together in the community, as well.

We encourage you to prayerfully consider what group God might have you commit to.
