Deepening your
marriage in Christ

rooted

marriage conference

We don't have to look hard to find God's design all over this world and we function best when operating within His design. God has designed marriage in a very specific way and we are best served and God is most glorified when we choose to submit to His design for this most important relationship. Whether you've been married for a few months or several decades, this weekend will challenge you in your marriage as we study God's Word to examine His design for our marriages.
