## Bible Challenge: Mark

The Bible Challenge is program to encourage kids of all ages to read the Bible. Kids can read any version of the Bible; kids can read the Bible with parents they can even listen to the Bible in audio format, (CD or Online). For each chapter the child reads they will earn one super buck. There is no time limit on how much to read, read at your pace. We keep all forms, completed or partial, on file so if a child is working towards one of our Bible reading programs we have record of their progress k-5<sup>th</sup> Grade. You can bring any form with any number of chapters read and get super bucks.
