

## ***Whatcha Got?***

If we should have a hurricane or other natural disaster, and you come out okay but your neighbors or friends have some fences or trees down, wouldn't it be great if we could band together and help out?

To do that, we're creating a database reflecting what equipment people have available to help. Please check off if you can share any of the following and provide your contact information:

- Chain Saw
- Generator
- Pick-Up Truck
- Trailer for hauling
- Babysitting services
- Large freezer space
- Icemaker
- Other: \_\_\_\_\_

Your Name: \_\_\_\_\_

Subdivision  
& City: \_\_\_\_\_

Phone: \_\_\_\_\_

Cell: \_\_\_\_\_

Email: \_\_\_\_\_

Remember that when electricity is down, your cell phone, and especially the ability to text may be available, so learn to text if you don't know how. Also, landlines may work if you have a rotary (not cordless) phone.
