Specific Prayer Requests

Jeff Bithers who underwent a liver transplant. Jeff has been able to go home to begin the process of recuperation. Pray for the ongoing challenges of rehab as well as the strength of his wife and children. Pray the doctors will accurately and successfully have wisdom to bring healing to his body.

San Tan Bible Family Life

*Pray we would be able to find office space or a permanent building that would accommodate the many needs of San Tan Bible Church. We would ask that it would be in a location close to where we presently meet for services.

*Pray for the safety of all those traveling this summer for vacations. Pray for Pastor Clay as he has many trips he must make for his tent-making position. Pray for all the Elders and Leaders of STBC as they travel to various locations - that they would be encouraged, find much needed rest and be refreshed in the Lord.

*Pray for students who will be going off to college – that God would protect the minds and hearts of our young people and give them courage and strength to persevere in the faith.

Other

*Pray for President Trump and Vice President Mike Pence, as well as all the men and women who govern our country. Pray they would seek godly wisdom in decisions they make that affect not just our country but the world. Pray for the Lord’s protection on our country and for our leaders to seek God’s guidance on all policies and procedures.

*Pray for those who serve in our military that they might be protected; pray for those who profess faith in Christ to remain strong and those who need Christ to have their hearts bent to knowing the Savior.
