

## ***Small Group Dates***

### **Small Groups (7:00-8:30)**

Small groups have become an important focus in our church's thinking about the future and we encourage everyone to be involved in at least one small group—for Bible study, prayer, fellowship, and a place to find a way to serve.

With that in mind, part of the eighth grade discipleship program is to integrate our church's small group focus with the confirmation preparation program. The small groups also allow eighth graders to get to know some of the high school kids by studying with them, *and* having fun with them, before they have the opportunity to join EDGE, our senior high ministry. Our hope is that this will ease their transition into EDGE!
