

In March, Doug Kissner and Paul Yost visited Haiti and stayed with the Barthélemy family. They discussed plans for Myosotis School, helped with repairs to the building, ate lunch with students, attended worship, and listened to plans and dreams for the overall ministry. Here are Doug's words, "Overall it was a short but wonderful trip! It was a great opportunity to better understand Manes and Luciana's vision for their church, school, and family. There is still a lot of work to do and wonderful opportunities for members of our church to get involved; in a variety of ways. Please continue to pray for our Haitian family and pray for discernment in how you can support this important mission!" Thank you to everyone for the donations of funds, dishes, pitchers, books, fabric, etc. Everything has been put to good use.

*Message from Pastor Manes:*

*Dear Brothers and Sisters in Christ,*

*The Barthélemy family greets you fraternally in Jesus Christ.*

*Jesus declares in the Bible that He makes provision for peace for all who believe in Him. We can't see Jesus physically, but we can see through His works in our lives. All this is to tell you that there are no words for the Barthélemy family to thank the Lord for having shown Himself to be a God providing for our situation. We don't see God, but we see the implementation of your gifts for the moving of place and comfort. We thank you very sincerely because we are in peace, and we breathe much better. We thank you for contributing to the construction of the school, for food, for school for Max and Kennephise, and finally for sending these two indefatigable engineers who have worked a lot on the house.*

*May the Lord bless you abundantly and make you capable of all good works.*

*With love, The Barthélemy Family*

### Weekly Church Activities

Sundays: Sunday School, Worship Service, Youth Group, Evangelism Service

Tuesdays: Prayer Service

Wednesdays: Bible Study

Fridays: Evangelism Service

Donations are being collected for school furniture to enable the Myosotis School to grow from about 50 to 100 students. The first 13 chairs were received from Library Furniture International in Northbrook.
