

A B C's of Mommy & Me

***A**lways be on time. We will start promptly at 10AM. If you are participating in the lesson, please be there 15 minutes early to set up.

***B**e aware of your children. Running in the sanctuary or up and down the stairs will be prohibited at all times. We share the facility with the school and our pastors. This is good training for our children. They will have fun in the ministry room but outside that room we will all need to be respectful of our surroundings.

***C**all or text if you cannot make it to the group. If you are leading a part of the lesson, it will be your responsibility to find a replacement for yourself from our Mommy & Me group. Call or text Karolyn Cooper with the name of your replacement.

***D**o not bring children with runny noses, colds, coughs or even mild fevers. We don't want to create an epidemic and must be respectful of others. What seems like a slight illness in your child might turn into something more serious in another child.

***E**ach Mommy & Me class builds on another so you will want to attend every Friday. If for some reason you need to miss more than three Fridays a semester, we will ask that you give your spot to another mom and child, particularly if there is a waiting list to attend.
