

Triad Baptist Church Children's Ministry

WELLNESS POLICY

As we all know, sickness can keep going around with children, affecting not only the other children in your child's class, but also your family and other families as the illness bounces "back and forth" between the children. To ensure the maximum health of the children in our classrooms, here is our established health policy for our children's ministry.

Children SHOULD NOT come to class if they have any of the following symptoms:

- Fever – 100 degrees or higher within the last 24-hours
- Vomiting within the last 24 hours
- Diarrhea within the last 24 hours
- Runny nose if accompanied by other symptoms and/or colored discharge
- Bad Cough – coughing increases the chance of infection being spread to others
- Any rash that is suspected to be contagious
- If your child is prescribed an antibiotic, they must have been on the antibiotic for a minimum of 48 hours prior to coming to class.

In addition, if any of these symptoms manifest themselves in class, the parent will be notified and, for the good of the child and to help prevent contagion, the child will leave the class with the parent.

Thanks so much for your adherence to this wellness policy. If you have any questions concerning this policy, please don't hesitate to ask for more details.
