Building Healthy Families: Did You Know? A cloud can weigh more than a million pounds! It's hard to imagine that something so light and fluffy looking could weigh that much. Spending time outdoors can really get us thinking about God's magnificent creation. When was the last time you went on a walk or hike to enjoy God's handiwork? "The heavens declare the glory of God; the skies proclaim the work of his hands." Psalm 19:1 Take some time this week to get outside and consider all that God has created. LFSiowa.org

Walk in the Life Center (open by 7 am) where it's warm and dry! About 22 laps/mile!
