

First Hour 1:00-1:50pm	Second Hour 2:00-2:50pm	Third Hour 3:00-3:50pm
<p>Worldview Culture and Apologetics HS Teacher: Dan Nelms</p> <p>Our goal in this class will be to learn how to "think" like a Christian. Students will be able to give a biblical and robust response to the question "why do you believe in Christianity?". Using books by C.S. Lewis and readings from modern philosophy, we'll compare what the culture currently believes versus what the Bible teaches. Students will be required to listen to podcasts by Albert Mohler throughout each week and purchase the book <i>Mere Christianity</i>. Ultimately, our goal is to walk away with a stronger faith and the background and study to defend it.</p> <p>https://www.amazon.com/Mere-Christianity-C-S-Lewis/dp/0060652926/ref=tmm_pap_swatch_0?_encoding=UTF8&qid=1503429034&sr=8-1</p> <p>There is no class fee.</p>	<p>Greek HS Teacher: Eric Loyer</p> <p>Basic Biblical Greek Grammar goes over the basics of Koine (Biblical Era) Greek. It starts very basic with alphabet and basic pronunciation rules and has exercises that go along with each chapter. It does presume that the reader has a high school level understanding of English, but for those with decent high school level Greek Grammar, the book and Co-op lectures should be accessible and open up an exciting new world of understanding our Greek New Testament and other Classical Greek works.</p> <p>https://www.amazon.com/Basics-Biblical-Grammar-William-Mounce/dp/0310250870/ref=sr_1_5?ie=UTF8&qid=1503422679&sr=8-5&keywords=mounce+basics+of+biblical+greek</p> <p>There is no class fee.</p>	<p>Home Economics and Life Skills MS HS Teacher: Lee and JoLee West</p> <p>Students will work through some of life's basic skills for leadership, kitchen and home. Hands on practical tips and tricks will be explored. "doing something useful with your own hands, that you may have something to share with those in need." Eph 4:28</p> <p>There is no class fee.</p>
<p>General Science MS Teacher: Liza Kiernan Curriculum: <i>Apologia General Science</i></p> <p>Using Apologia's curriculum, students will cover such topics as the scientific method, designing experiments, simple machine, archaeology, geology, paleontology, biology, and human anatomy and physiology. There are many experiments to do. Students will need to purchase the textbook, workbook and lab kit. Together these will cost about \$150 on www.cbd.com.</p> <p>There is no class fee.</p>	<p>Writing 5th-8th Teacher: Jessica Smith Curriculum: <i>Institute for Excellence in Writing</i></p> <p>We will use the American History Student Workbook to teach the writing techniques as designed by Andrew Pudewa. Students will write a few simple papers based off of writings in the Student Workbook. Parents will need to purchase the Student Workbook and the Teacher's Workbook - \$49. This class can be taken by anyone 4th grade and up. Our goal will be to continue this class in the Spring unless the interest is not there.</p> <p>There is no Class Fee.</p>	<p>Animated Hero Classics K-2nd Teacher: Rotation of assigned moms</p> <p>Using the Animated Hero Classic videos, students will watch a 30 minute video and then discuss the main character through crafts, copy-work, penmanship and acting.</p> <p>There is no class fee.</p>
<p>Art 3rd-5th Teacher: Rachel Cozzolino</p> <p>Students will go through Pat Knepley's ART CLASS DVD Set: This series contains step-by-step art lessons taught by Mr. Knepley. Each lesson runs approximately 15 minutes and includes suggestions for a follow-up drawing activity. Biblical truth is integrated into every lesson. If time remains after drawing and instructional time, we will read art appreciation books encouraging the students to see original works of art with greater understand.</p> <p>There is a \$10 class fee per student.</p>	<p>Story of the World 2nd-5th Teacher: Mollie Mazza, Jen Spadaro Curriculum: <i>Story of the World</i></p> <p>Students will enjoy listening to Susan Wise Bauer's Story of the World Volume 2. Crafts, activities and interactive learning will take place to complement what's been learned from the text. Parents will need to purchase the SOTW Volume 2 text or cd, the activity book, and a list of supplies for activities in class. Grades 2-6 are welcome.</p> <p>There is no class fee.</p>	<p>Chemistry 3rd-5th Teacher: Danielle Leppard, Angela Osterbind Curriculum: <i>NOEO Chemistry</i></p> <p>This chemistry class will cover the following topics using living books and classroom science experiments: Atoms and molecules, solids, liquids, and gases, mixtures and compounds, elements, the periodic table, and geology. You can purchase the entire curriculum at http://www.logospresonline.com/noeo-science-chemistry-2/ or you can buy the books separately and/or use the library. There is a \$55 Young Scientist Lab Kit needed for the 2nd semester. There will be a weekly supply list students will need to provide. This class will require 2-4 hrs of work a week outside of class.</p> <p>There is no class fee.</p>
<p>Sign Language K-2nd Teacher: Christina Oswin</p> <p>Students will learn basic sign language. This class is more geared toward the lower elementary age group. We will ask that all K-2nd graders remain in this Sign Language class.</p> <p>There is no class fee.</p>	<p>Magic School Bus Science K-2nd Teacher: Tara Gann Curriculum: <i>Magic School Bus Science</i></p> <p>Ms. Frizzle is always on a science adventure!
