

Sermon Text – Ephesians 1:3-8
Storying Text – Luke 7:36-50

All these components should be present at a normal cell meeting. Some nights you may not get to everything, but each of these should be present at least 75% of the time (e.g. once/month you might not get to the Vision time and so on). The components do not need to be in this order necessarily, except that generally you ought to begin with a welcoming time, and end with a vision time (close the meeting with an *outward focus*).

Please note the time constraints for each part of the meeting!

WELCOME (15 minutes):

The purpose of this time is to “check in” and share life with one another. Typically you can simply go around the group and have everyone share a high and a low of the week. Sometimes, if a deep struggle is shared by someone, you may want to go directly from this time into prayer for the person. Also, if you have guests, you may opt to just do a fun icebreaker for this portion of the meeting instead.

Gathering Question: Check in and share a high and/or a low from your week.

WORSHIP (10 minutes):

The purpose of this time is to invite the presence of Jesus into your gathering. You may want to begin this time by lighting a candle as a symbol that you are inviting the real presence of Jesus, the Light of the World, into the midst of your group and then to play or sing a worship song or two. If you just play a song, invite everyone to close their eyes and reflect on the words and/or focus on Jesus. Afterward, have someone pray a prayer acknowledging the presence of Jesus in your midst and asking Him to guide the rest of your meeting time. An example prayer is listed below, but feel free to use your own words.

Prayer: “Lord Jesus, we welcome you here. We love you Lord and we ask you to speak to us during our time together. Speak to us through your Word and by your Spirit. We trust you and we submit our lives to you. Thank you for your passionate love for us. Help us to grow to know you better. Amen.”

WORD (20 minutes):

The purpose of this time is not for Bible *study* but Bible *application*. Also we want to be learning to discern the voice of the Spirit coming to us in “real time” through the written Word. Each week a Scripture passage will be listed below. The following are three ideas for how to facilitate the Word time.

- **Option One:** Simply read the passage and then ask three questions. What questions do you have? What left an impression for you? How can you apply the passage this week?
- **Option Two:** Use the lectio divina method – see example here: www.ohcgh.com/lectio.
- **Option Three:** Use the “storying” method presented in the Diane Brask workshop.

Pick One to Use: Sermon Text – Ephesians 1:3-8
Storying Text – Luke 7:36-50

PRAYER (10 minutes):

The purpose of this time is to minister to one another through the power of prayer. Break up into groups of 3 or 4 and take turns sharing personal prayer needs and praying for one another. If a person does not have any prayer needs to share, you can still gather around them and pray simple prayers of blessing or ask God to direct you in how to pray for them. Especially if you have guests, make sure everyone knows that they do not have to pray if they are not comfortable doing so. Sometimes we will facilitate special directed prayer during this time. If so, instructions will be listed below.

Prayer Focus: Pray for each other that each of us would become more and more overwhelmed by grace and that we would be a church for whom the “joy of salvation” is a living reality and becomes contagious to those around us.

VISION (5 minutes):

The purpose of this time is to remind the group of our core values and vision as a church and as a cell group and to also help keep an outward focus for the group. Each week a different vision component will be listed below. Sometimes this will come in the form of something you can read at the end of your gathering. Other times a link to a web video may be supplied which you can watch together as you close out your meeting time.

Vision Focus:

Remind your group to continue to be looking out for newer folks on Sunday mornings to get to know and ultimately to invite to cell group. Encourage your group that this takes intentionality and a decision to put meeting and getting to know visitors and newer attenders as a higher priority than casual conversation around the coffee pot with people you already know and are comfortable with. And help introduce newer folks to others as well.
