Set the mood

Decide what experience you want. A romantic night in? A small, socially distant get together? Or are you reveling in some “me time”? Use this as a starting point to plan what beverages, food and lighting will enhance the mood. Some suggestions:

-  Order take out from your favorite local restaurant
-  Plan a special drink
-  Light a candle
-  Dim the lights

Minimize distractions

This is your time. Set aside an hour to fully experience the music.

Dress for the occasion

Dress up or make it cozy.

Express yourself

Clap out loud. Sway to the music. Your space, your rules.

Connect with others

Use the chat to share your thoughts or watch with a friend.

-  After the concert, stay tuned for a live Q&A.
