ALL APPLICATIONS WILL NEED TO DEMONSTRATE THE FOLLOWING:

- Relevance – that your application comes within the indicated criteria.
- Competence – that you have a fair chance of delivering your project competently and on time.
- Plausibility – that you establish a plausible route by which your proposal could result in the growth of the church.
- Comprehensiveness – that you have answered all the questions on the form in such a way as to give the grant-making group a clear picture of your intentions.
- Sustainability – that the larger, longer term projects show how you might keep the project going once our grant has finished or personnel move on.
- Good practice.
- Capable of evaluation.

The presumption is that any such application will be eligible for a grant, subject to funds being available. If applications exceed funds available then the grant-makers reserve the right to decide whether to award small grants to all, or larger grants to some and none to others.

All approved grants must be claimed within 6 months from the start date of the project. The members of the Local Ministry Area Initiative Grant Committee reserve the right to cancel any unclaimed/unused grants or balances of grants after the specified period.

Payments will only be made for the specified items stated on the application.

Retrospective applications for grants will only be considered after consultation with your Archdeacon.

An electronic report complete with pictures would be needed by the Local Ministry Area Initiative Grant Committee; within two months of the project completion or two months from date of the cheque.

Members with a personal interest in a proposal will withdraw from the meeting while it is discussed.

All completed applications should be sent to the Mrs Nia Evans at the Diocesan Office and must arrive at least ten days before the date of the next meeting in order to be considered.

Early applications are advised, where possible, in order to give time for the group to obtain any clarifications that may be required before the meeting.

In complicated cases a member of the group may arrange to visit you prior to the grant-making meeting.

Applicants will be notified of the outcome as soon as possible after each meeting.
