New Albany Redevelopment Commission
Room 325, City-County Building, 311 Hauss Square
New Albany, Indiana 47150

All letters received by the Commission will receive a written response from the Redevelopment Commission and will become a copy of the official record of the planning process.

Three HUD-identified National Objectives guide the CDBG program and the use of CDBG funds:

1. The use must primarily benefit persons and/or areas of low- to moderate-income
2. May be used to prevent or eliminate slums or blight
3. May be used to meet needs having particular urgency

In New Albany, CDBG funds have previously been used to rehabilitate/repair low-and moderate income owner-occupied housing; assist first-time home-buyers, to replace deteriorated sidewalks, curb-and-gutter, drainage improvements, the acquisition and construction of neighborhood parks, construction of neighborhood co-location centers, public services; and, for other economic development activities.

Any citizen that may need reasonable accommodation to attend any Redevelopment Commission meeting may make such known by contacting the Redevelopment Commission within a reasonable time frame prior to any regular or special meeting at 812.948.5333 or via the Indiana Statewide Relay at 1.800.743.3333.
