Engines for Life Protection Program

This vehicle has been treated with BG Engine Performance Restoration (EPR), BG MOA oil conditioner and 44K fuel treatment.

Engine claim limit is up to \$6,000 per occurrence (plan 1) if program is started before vehicle has 50,000 miles, up to \$3,000 per occurrence (plan 2) if started between 50,001 - 100,000 miles. Only plan 2 takes effect 1,000 miles after the first BG service was performed.

Also included is BG on the road, roadside assistance and tire road hazard protection program giving you 180 days of protection.

In order to keep the Engines for Life Program and BG on the road assistance in force, you must return to our service departments for your oil change services that includes: new oil and filter with BG EPR, MOA and 44K. Oil change interval per dealer recommendation but can not exceed 10,000 miles. On the road assistance program must be performed every 180 days to continue roadside assistance protection.

I understand the terms of the Engines for Life Program.
