

# Freckle is research-backed and proven to increase test scores

As the first and only differentiation platform, Freckle empowers teachers to reach all students at their level. By making differentiation a reality, **Freckle is proven to help students grow.**

“Students in classrooms where teachers used Freckle exhibited much higher growth than students that did not. In addition, **students who used Freckle grew significantly more** than student norms for the NWEA MAP test.”

In the 2017-2018 school year, Freckle’s top districts saw **0.9 grade level growth across their active students in a 6-month period.** Freckle’s rigorous, evidence-based differentiation platform supports the growth of all students when used as a primary or supplementary classroom resource. (Recommended usage: At least 30 minutes per subject every week.)

## Making a significant difference for district leaders

“Our growth has been directly correlated to Freckle usage. Where usage was lower, growth was lower. **Every student that has worked with Freckle has improved.**”

- Ashley Giska, Assistant Superintendent, Laurel School District

“Teachers know best and they made it clear that **Freckle was changing things for them.**”

- Helen Hill, Director of Curriculum at Pasadena Unified
