

ROUTINE OPERATIONS, COMPLETED.

THE ZERO-TOUCH AGENCY.

Make the decision. Braes does the rest.

A TRUE INTAKE STORY

ONE DECISION. ONE BUTTON.

The intake team arrived with notepads, expecting to learn how to build charts. The referral and patient were already there.

THE OPERATING MODEL

DEFINE THE RULES ONCE. *BRAES RUNS THEM EVERY TIME.*

The policies that govern your agency become executable. Braes Operators act within their authority, bring judgment to your team and leave a receipt.

 AGENCY AS CODE POLICY THAT CAN OPERATE. Not another configuration project. Your existing rules become the operating model Braes executes consistently.	01	WHAT	can run automatically	✓
