## REAR-FOLDING RAMPS

Constructed with corrosion resistant stainless steel and aluminum hardware, these ramps are designed for ATV's, UTV's, and snowmobiles. The low-profile design gives you the loading benefits of a long ramp and the stylish looks of a shorter, aerodynamic ramp.

Available as a single 35" or bi-fold 60" ramp.

1500 lb capacity.

BI-FOLD IN STOWED POSITION

SINGLE RAMP

BI-FOLD IN EXTENDED POSITION

UNFOLDING BI-FOLD  
(SHOWN WITH SKI GLIDES)
