

Quick Draw Multiples

Material:

- ◆ Four sets of first 10 multiples of 2, 5, 3, or 4

Directions:

1. Deal 15 cards to each player for the player's draw piles.
2. Place two stacks of five cards in the center of play.
3. Players draw three cards from their individual draw pile to play.
4. At the same time, players turn over the top card from both stacks of five then chooses cards from their hand that are either a multiple before or after the cards in play.
5. As soon as a player places a card, they draw a card from their individual draw pile, so they are always holding three cards.
6. If players are unable to play, each player turns over the top card from the two stacks and places that card face up in play and play resumes.
7. The first player that uses all cards from their individual draw pile, wins.
