

# Photo Assignment #4 – Visual Weight

Design Fundamentals for Photographers

By: Kirk Nelson

In this Photo Assignment, you will focus on creating photos with the intentional use of **Visual Weight**.

## Photo #1 – Design Elements

Compose a shot creating visual weight by using one (or more) of the elements frequently used in Design (color/contrast, size, elevation, white space)

## Photo #2 – Human Figure

Compose a shot where visual weight is created by the use of a human figure and/or faces and eyes.

## Photo #3 – Surface/Texture Contrast

Compose a shot that uses contrast in the surface or texture of the subject to create visual weight.

## Photo #4 – Use of Text

Compose a shot where visual weight is created by the use of text.

## Photo #5 – Depth of Field

Compose a shot where visual weight is created by the use of depth of field.
