Optional vertical mounting
Separate the iGRILL 2 from the base.
Remove the battery door from the underside of the iGRILL 2.
Insert the two AA batteries that were supplied with your iGRILL 2.

WARNING: Proper Battery Disposal
Never dispose of batteries in an open fire. Always dispose of batteries in accordance with local laws.
After the batteries are inserted, the iGRILL 2 will automatically display “On” and a single beep will sound.

If not inserting or replacing the batteries, press the power button once to turn the unit on (do not hold the button down).
Replace the battery door.
Snap the iGRILL 2 back onto the base.
Download the WEBER iGRILL App. Then enable Bluetooth® on your smart device under ‘Settings’.
Plug one or more probes into the ports.

WARNING: Risk of burns!
Handling the meat probes without hand protection will result in severe burns. Please wear heat-resistant gloves or mitts at all times while using this product in order to avoid being burned.
Launch the WEBER iGRILL App on your smart device. Follow the pairing instructions within the App.

You are now ready to use your iGRILL 2.

Additional information, instructional videos and barbecue inspiration can be found at weber.com/igrillsupport.
Visit weber.com/igrillsupport to learn more about device compatibility, the languages that are supported by the WEBER iGRILL App, a full user guide with instructional videos and brilliant barbecuing inspiration. Please read the full user guide, especially the safety information, before using the WEBER iGRILL 2 for the first time. Follow the instructions while using the device.

INTENDED USE:

Use this device to measure and monitor the temperature of barbecued foods. Any use other than that which is described may cause damage. The manufacturer or retailer are not liable for damages arising from improper use. When using an iGRILL 2, never leave your grill unattended and follow all instructions in your grill owners guide.

Note: The device is not to be used by children or persons with reduced physical, sensory or mental capabilities.

Note: The iGRILL 2 and its batteries are not designed to withstand high temperatures. If the surface is too hot to touch, it’s too hot for the WEBER iGRILL 2 and its batteries.

Note: Do not mix old and new batteries. Do not mix alkaline, standard or rechargeable batteries.

Meat Probe Use

WARNING: Risk of injury! The probes are very sharp. Please be careful when handling the probes.

WARNING: Risk of burns! Handling the temperature probes without hand protection will result in severe burns. The coloured probe indicators are not intended to be touched with bare hands while using the barbecue as they are not heat-insulated. Please wear heat-resistant gloves at all times while using this product in order to avoid being burned.

Important Note: When using the probes, please be sure to route the wire where it will not be exposed to flames or temperatures exceeding 380°C. Avoid exposing the probes to temperatures below -30°C. Temperatures below -30°C or above 300°C will not display in the app and will cause the probe to disappear from the connection.

Clean the probes before first use. The probes are not dishwasher safe. Do not use chemicals or abrasive detergents to clean the probes. Wipe them down with a damp towel or cleaning wipe. Take care not to expose the probe’s wiring or the area where the wiring meets the probe to liquid.

The probes are not waterproof and damage may result from water exposure. Never submerge the probes in water.
Disposal Requirements

This product should not be disposed of with ordinary household rubbish. The user is obligated to take the device(s) to a designated collection point for the disposal of electrical and electronic equipment in order to ensure an environmentally-compatible disposal.

WARNING: Battery disposal! Never dispose of batteries in an open fire. Always dispose of batteries in accordance with local laws.
