

Southern California Edison's Service Territory

Southern California Edison (SCE) is one of the largest electric utilities in California, serving more than 14 million people in a 50,000-square-mile area within Central, Coastal and Southern California — excluding the City of Los Angeles and certain other cities.

SCE's service territory includes about 430 cities and communities. Within those cities and communities, there is a total customer base of about 4.9 million residential and business accounts.
