

### GRADUATED ELIGIBILITY FORMULA

To find the university contribution for a particular age and number of years of UCRP service credit, look down the far left column for the appropriate age; then look across that row to the number of years of UCRP service credit. That will show the percentage of the maximum university contribution that a retiree at that age and with those years of service credit will receive. Example: with 15 years of UCRP service credit at age 60, the retiree receives 37.5% of the maximum university contribution.
