

# VOYAGER DRIVE. MUSIC ON THE ROAD AND ON THE GO.

### AT HOME

VOYAGER Drive adapts to your mood, filling your space with the sounds you want. Its connectivity through wireless Bluetooth is seamless, which means you're always connected and up-to-date with the latest features.

### IN YOUR CAR

VOYAGER Drive shatters traditional expectations to provide a best-in-class lifestyle audio experience. Your vehicle's soundstage widens in front of you, while hands-free functionality and easy portability make VOYAGER Drive the ultimate lifestyle audio solution for entry segment vehicles.

### ON-THE-GO

Take the party with you wherever you go with VOYAGER Drive and VOYAGER Drive+. This fully transportable audio system carries the beat that keeps you moving - from intense workouts to backyard gatherings, camping excursions and more.

# MUSIC MAKES THE MOMENT.

Music comes to us as naturally as the air we breathe; it inspires us and touches our souls. Whether it's a song or a symphony, it ignites the most exciting moments of our lives, connecting us to memories of the past and the future. So it should always be with us, without boundaries or limitations. VOYAGER Drive offers you revolutionary access to in-car audio experiences that keep you moving even after you've arrived at your destination.

At home, in the car or while hanging out with friends: VOYAGER Drive elevates your listening experience wherever you are. This lifestyle audio system pops into and out of the car easily, and will follow you from home, to the car, to the beach or anywhere else your journey takes you, so you never miss a beat. If you're looking for extra boost in your bass, upgrade to VOYAGER Drive+, an optional subwoofer unit that quickly docks into and out of the trunk.

## BENEFITS AT A GLANCE:

### ELEVATED EXPERIENCE

Dirac Panorama sound technology provides an awesome wide soundstage for a lifelike listening experience. Built-in Bluetooth streaming allows you to connect wirelessly to your music and stay current with the latest over-the-air updates.

### PORTABILITY

Enjoy free movement as a result of VOYAGER Drive's portability. It also features a conferencing system that boasts SoundClear® echo noise cancellation technology and advanced microphones. And with a built-in rechargeable battery that charges in the car or at home, the fun never has to stop.

### SCALABILITY

Tailored to fit your lifestyle, VOYAGER Drive offers expandable hardware features such as a removable subwoofer unit in the trunk.

# VOYAGER DRIVE SOUND SYSTEM

Introducing the first truly portable lifestyle and in-car audio system solution. VOYAGER Drive breaks through traditional vehicle offerings to bring an enhanced audio experience to everybody. The expandable system design eliminates the need for basic door speakers usually found in entry segment vehicles. The portable car audio solution features a detachable wireless speaker, as well as an optional and transportable subwoofer for the ultimate sound experience.

VOYAGER Drive is designed with millennials in mind - providing smooth portability and a full-range audio experience tailored for a connected life on the go. On its own, the VOYAGER Drive provides lifelike sound-staging to entry segment vehicles through six dynamic in-dash speakers, with two active 40 mm speakers powering the Go unit when the vehicle's on the move. The optional VOYAGER Drive+ unit delivers full-range portable sound, while also serving as the vehicle's subwoofer when it's docked in the trunk. The Drive+ makes music come to life with its eleven powerful in-car speakers, and eight full-range speakers amplifying life on the go. Equipped with custom drivers and a built-in speakerphone system with SoundClear® echo cancellation technology, the ground-breaking concept from the house of HARMAN is ready when you are.

# SCALABLE OPTIONS

## VOYAGER DRIVE

Consisting of the removable 'Go' unit and the built-in speakers on the instrument panel, this portable speaker charges in the car to ensure the music keeps you moving even after you've arrived.

## VOYAGER DRIVE+

Upgraded by the removable rear subwoofer, this full-range audio system provides limitless musical enjoyment.

## VOYAGER SOUNDWEAR

Seamless in-car audio integration combines this lifestyle wearable device with VOYAGER Drive to offer you a new level of personalized surround sound.

## THE MISSION

To elevate the listening experience of traditionally non-branded audio systems, by providing the best-in-class sound for the value that meets the needs of today's on the go lifestyle.

## THE RESULT

A best-in-class branded lifestyle audio solution, fully portable and tailored to a connected life on-the-go.
