

Fast Facts

December 31, 2019

Duke Energy (NYSE: DUK), a Fortune 150 company headquartered in Charlotte, N.C., is one of America's largest energy holding companies.

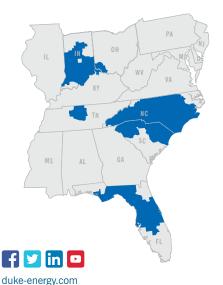

Duke Energy is transforming its customers' experience, modernizing the energy grid, generating cleaner energy and expanding natural gas infrastructure to create a smarter energy future for the people and communities it serves.

The company provides electricity to 7.8 million customers in six states, and natural gas to 1.6 million customers in five states.

Duke Energy also is a top U.S. renewable energy provider - owning, operating or buying solar, wind and other renewable energy capacity exceeding 8,000 megawatts. The company owns energy storage and microgrid projects, as well.
