

Lisa M. Edwards
Program Manager
*Nuclear Materials & Chemistry & Used Fuel
Management Programs*
Nuclear

Lisa Edwards joined the Electric Power Research Institute in 2006 (EPRI). She is the Senior Program Manager for the Nuclear Chemistry, Radiation Safety & Used Fuel/HLW Management Programs.

Before joining EPRI in 2006, Edwards had over 18 years of experience in commercial nuclear utilities at Duane Arnold, Comanche Peak, Cooper, and St. Lucie. She received her U.S. NRC Senior Reactor Operator license in 2001. She has extensive experience in both solid and liquid radioactive waste processing and management.

Edwards received her Bachelor's degree in chemistry from Cornell College, Mount Vernon, Iowa where she was elected to Phi Beta Kappa and graduated Magna Cum Laude.
